

BOOK BANK

The one of the important feature of the college is that this college is situated in a rural area and most of the enrollment in the college is from the students having lower income and belonging to underprivileged class. Majority of the students in the college are girls. The library of college is providing them books at regular basis. Regular books of the library are available at lesser proportion, however, it was found insufficient as most of the students were not able to afford to buy books. Book banks have a positive impact on students' education and help bridge the gap between urban and rural education. With the help of book bank, many underprivileged students have been able to study for their college effectively as they have ready access to the required books for free, which otherwise would not have been possible.

Getting access to educational books can often be challenging for students, especially those from underprivileged backgrounds. This is where "book banks" come in as a valuable resource. Book banks are repositories of textbooks and reference books. There is proper mechanism to identify the poor and needy students and after identifying the needy students they can get issue the books from the in charge of the book bank for the whole session/semester and after examination they return the books and they are issued books for the new semester. Taking into consideration the vision and mission of the institution, the college has formed the "Book Bank" to help the student of weaker sections of the society by giving books prescribed for the respective courses. The chief aim of this practice is to bring poor students in the main stream of education. The book bank is maintained from the extra complimentary copies received by teachers and books donated by the old students. In our institution there are more than Five Hundred books in the book bank. The practice of donating books among the students inculcates among them to serve the society.

GUEST LECTURE

Getting guest lecturers in colleges are very useful for every student. Guest lectures are a highly useful medium to provide exceptional knowledge to students, it also adds an extra variety to the classroom routine and colleges put a lot of emphasis on the importance of Guest lectures. The Guest lecturers are the “real-world” arriving in the classroom in order to make classes more interesting. Guest speakers share their experiences and engage students in a dialogue. Dialogue with experts helps students to develop multiple skills like critical thinking, reasoning, planning for the future, etc.. Guest lecturers can provide great benefits to the students and can be a great tool for the betterment of the class. In a guest lecture, students get new perspectives and opinions that are often missed in a regular class. A guest lecture gives students a better opportunity to learn about an explicit topic in a way that gets them involved in the class and actively join in a more convenient way of teaching. The outcome of a Guest lecture also depends on the interest, willingness and motivation of the students. Some students seize the opportunity and start practicing what they learn in lectures and build an advanced skill set which helps them in their future. An expert guest speaker makes a big difference in students ability to understand any topic. By attending lectures from guest speakers students learn to overcome different challenges and it becomes easier to nail down difficult concepts. Students follow regularly scheduled classes and sometimes it can feel a bit monotonous and boring. Guest lecture breaks monotony and updates student’s interest about career opportunities & career paths in new domains. Knowing about a better protective on future career sparks confidence and it inspires students to prepare not only theoretical concepts but also practical’s which may not be included in the syllabus. Hearing about changes being made in the working world with theoretical concepts is exciting and insightful for students. Students get to interact with a new teacher and also experience alternative ways of learning and teaching. Since our college is committed to provide quality education to the students , in this regard we organize 10-12 guest lecturers in our college on vivid areas by inviting experts from different fields which varies from Career Guidance(Holistic approach to Career Building) Role of animal husbandry to generate self employment, , Language communication based on four skills, Human Rights; Swami Vivekanand & Belur Math; Bharat Vibhajan; Subash Chander Bose; Swatantrta Andolan mein kaviyon avm Sahityakaron ki bhoomika; Swantnrta

MENTOR GROUPS

Our college wants our students to thrive and achieve their goals. In this context mentoring is one of the effective ways to improve and enhance students' learning and prepare them for the workplace. Being a student is hard work, there is no denying that. But mentoring provides them with the support they need to go forward in their academic journey, giving them the motivation they need to reach their full potential. The mentor works with the mentee to help them set and achieve their goals, whilst offering support during the process. A mentor is also incredibly valuable for developing interpersonal skills and up skilling in areas that are beneficial for the workplace. Our college has framed six and four mentor groups for B.Ed. and D.El.Ed. students in order to solve different problems of the students and also to seek suggestions for the betterment of the institution in curricular and co curricular areas.
