Digital literacy is a Seven day intensive, action-based engagement for faculty to improve and make them better teachers. The programme focuses on the need of Digital literacy in present Era for teachers in different aspects. The programme is expected to offer a tremendous learning opportunity to the participants and help them to gain the latest skills, strategies and tools needed to conduct effective as well as result oriented session.

03. OVERVIEW

It is a common belief that subject knowledge will guarantee professional success in teaching. Knowledge of subject, concepts & theories are highly sophisticated skills and those will be useless, if the faculty does not know how to deliver the content in a classroom by using innovative teaching practices as well as adopting new ways of engaging students in the classroom. The course aims to enhance each participant's classroom effectiveness and ability to use ICT as each participant would be given an opportunity to showcase repertoire of instructional methods and strategies by remaining critical and reflective about their teaching method. Each Participant would get expert one-to-one feedback and coaching at the end of each teaching task.

04. OBJECTIVES OF COURSE

The major focus of the Seven-day Digital Literacy Refresher Course is on to acquaint with new technology and upgrading the teaching styles by being innovative in the classroom. Some of the key objectives are as below:-

01. To enhance the participants build their strengths and to overcome limitations in teaching through Digital Literacy methods.

02. To know about different updates in Digital World and their implementations in classroom teaching
